Product Obsolescence Notification

To: Welch Allyn Global Customers
From: Ellen Woonton
Ref: LS 100 Exam Light
Date: July 2, 2009

Dear Welch Allyn Customer,

Welch Allyn has taken the steps to obsolete the LS 100 Exam Light and replace it with the LS 135 Exam Light. Since June 2000 we have been providing warranty and service support by either using up existing inventory or by working with the suppliers who were willing to continue furnishing us with parts at considerably lower volumes. Unfortunately we are no longer able to continue this and must therefore obsolete the products. Welch Allyn will no longer provide service or replacement parts for this product. Attached is a detailed listing of the part numbers being for your reference.

Effective on March 19, 2008 the LS 100 Exam Light will be formally obsolete.

Obsolete Products

<i>Product Number and Description</i>
44100 LS 100 Exam Light
44102 LS 100 Exam Light (EUR)(44105)
44104 LS 100 Exam Light (UK)(44105)
44109 LS 100 Exam Light (BRZL)(44105)

For customers looking to replace the LS 100 Exam Light we suggest the LS 135 Exam Light which is part of Welch Allyn's Exam Light product line.

Technical Support

We will continue to provide Technical Support through normal channels. (In the USA contact Welch Allyn at 800.535.6663 or locate a local customer service location by visiting www.welchallyn.com/medical/support/technical/default.htm.)

Should you have any questions regarding this initiative please don't hesitate to contact me or your local Welch Allyn representative.

Regards,

Ellen Woonton
